RV College of Engineering®
Mysore Road, RV Vidyaniketan Post,
Bengaluru - 560059, Karnataka, India

Go, change the world

Academic year 2023-2024 (Even Sem)

DEPARTMENT OF INFORMATION SCIENCE AND ENGINEERING

Date	22 June 2024	Maximum Marks	50 +10
Course Code	21IS65E2	Duration	2 HRS
Sem	6	CIE -1	
UG/PG	UG	Faculty: Dr.GCN & Prof.SGR	

CLOUD COMPUTING

QUIZ

Q. No.	Questions	M	BT	CO
1	List essential characteristics of cloud computing	2	L2	CO1
2	Differentiate between Conventional Computing and Cloud Computing	2	L1	CO2
3	List any four key Cloud Attributes	2	L1	CO2
4	Write a neat diagram of cloud computing framework	2	L2	CO2
5	List the benefits of Virtualization	2	L1	CO1

TEST

Q. No.	Questions	M	BT	CO
1	"Cloud Computing", What do you understand by this term? How this is different from cluster computing, Grid Computing ,Utility computing and service oriented computing.	10	L2	CO2
2	Briefly explain the NIST Cloud Computing reference architecture.	10	L2	CO2
3	Explain the different types of virtualization along with its Advantages and Dis-advantages, in detail	10	L2	CO1
4	What makes cloud computing so interesting to IT stake holders and research practitioners? Explain it by listing essential cloud Environment and cloud service requirements	10	L1	CO2
5	Describe any 4 popular SAAS products for the industry	10	L2	CO2

****

BT-Blooms Taxonomy, CO-Course Outcomes

Marks Distribution	Particulars		CO1	CO2	CO3	CO4	CO5	L1	L2	L3	L4	L5	L6
	Test	Max Marks	36	34	-	-	-	14	36	10	-	-	-

Course Outcomes:	
CO1:	Understand the basics of cloud computing models and virtualization
CO2:	Evaluate the issues related to the development of cloud applications
CO3:	Apply the concepts to design cloud based simple applications
CO4:	Analyse real world case studies of existing cloud based software solutions

RV College of Engineering®
Mysore Road, RV Vidyaniketan Post,
Bengaluru - 560059, Karnataka, India

Go, change the world

Academic year 2023-2024 (Even Sem)

DEPARTMENT OF INFORMATION SCIENCE AND ENGINEERING

Date	24 Jul 2024	Maximum Marks	10+50
Course Code	21IS65E2	Duration	120 min
Sem	6	CIE -2	
UG/PG	UG	Faculty: Dr.GCN & Prof.SGR	
CLOUD COMPUTING			

Quiz

Q. No.	Questions	M	BT	CO
1	List Any Two Windows Azure Core Components	2	L2	CO2
2	Cloud computing is based on a paradigm shift with profound implications for computing ethics. List any TWO main elements of this shift .	2	L2	CO2
3	List any TWO pricing models for EC2 instances	2	L2	CO3
4	List any TWO Real-world industrial use-cases of AWS services	2	L2	CO3
5	Differentiate between GOOGLE CLOUD and MICROSOFT AZURE	2	L2	CO2

TEST

Q. No.	Questions	M	BT	CO
1	Identify and summarize the driving force, company offerings and industries with respect to "Software as a Service" model.	10	L2	CO2
2	Consider google file system and explain how they achieve their design goals to secure data integrity and to maintain data consistency while facing the problem of hardware failure, especially concurrent hardware failures.	10	L3	CO2
3	Discuss about Amazon AWS with cloud software environments	10	L2	CO3
4	Write short notes on (i) Accessing the cloud platforms (i) Important factors for good design of SAAS model	10	L1	CO2
5	With respect to developing applications, explain (i) Intuit QuickBase (ii) Cast Iron Cloud (iii) Bungee Connect	10	L2	CO3

****

BT-Blooms Taxonomy, CO-Course Outcomes

Marks Distribution	Particulars		CO1	CO2	CO3	CO4	CO5	L1	L2	L3	L4	L5	L6
	Test	Max Marks	-	36	24	-	-	10	40	10	-	-	-

Course Outcomes:	
CO1:	Analyse Existing problems with the team, development process and wider organization
CO2:	Apply a thorough understanding of Agile principles and specific practices
CO3:	Select the most appropriate way to improve results for a specific circumstances or need
CO4:	Evaluate likely successes and formulate plans to manage likely risk or problems

Sem	6	CIE -3 / Improvement Test	
UG/PG	UG	Faculty: Dr.GCN & Prof.SGR	
CLOUD COMPUTING			

Quiz

Q. No.	Questions	M	BT	CO
1	Name two types of virtualization commonly used in organizations.	2	L1	CO2
2	Differentiate between a physical server and a virtual server?	2	L2	CO2
3	Name one challenge organizations might face when migrating thin clients to the cloud.	2	L2	CO3
4	List the common use case for thin clients in a cloud environment?	2	L1	CO3
5	Name any two challenges organizations may face during cloud migration.	2	L2	CO2

TEST

Q. No.	Questions	M	BT	CO
1	Evaluate the challenges and limitations organizations might face when adopting virtualization technologies.	10	L2	CO2
2	Analyze the role of cloud storage services for individuals. How do services like Google Drive, Dropbox, and iCloud enhance personal data management?	10	L3	CO2
3	Predict the future trends in cloud services for individuals. How might advancements in cloud technology impact everyday life?	10	L2	CO4
4	Analyze the role of cloud services in enabling digital transformation for mid-market companies. Provide examples of how cloud adoption can enhance business processes.	10	L1	CO2
5	Examine the role of cloud-native applications in enterprise environments. How do cloud-native architectures differ from traditional applications, and what are their benefits?	10	L2	CO3
